OMSI Active Learning Log:

Paleontology Lab and Watershed Lab in the Earth Science Hall

(Note: the labs may be closed on some days for reserved classes.)

Paleontology Lab

Draw your favorite fossil. What is it?

How old is the fossil whale skull? Where was it found?

Watershed Lab

It’s All Connected!

What is a watershed? Do we live in a watershed?

The Restless Earth

Why do we have earthquakes, volcanoes, and the Coast Range Mountains in Oregon and Washington?
