

WORK-STUDY OPPORTUNITY

Position Title: Early Childhood Engagement Work Study Student

Department: Museum Education

Reports To: Early Childhood Engagement Educator &/or Coordinator

Location of Workspace: Science Playground and Discovery Lab

SUMMARY OF POSITION:

Museum Education Work Study Students are in the halls and labs of OMSI where they facilitate hands-on science experiences and inspire museum guests to make amazing connections with science through activities, demonstrations, and informal interactions. Work Study Students assist Museum Education staff in the regular maintenance, upkeep, and development of the museum halls and labs.

This position is for the Early Childhood Engagement program and reports to the Early Childhood Engagement Educator and/or Coordinator. The Science Playground and Discovery Lab are OMSI's areas where young children ages 0-6 learn and explore in fun, developmentally appropriate settings. The Early Childhood Education Work Study Student assists Early Childhood Engagement staff in maintaining physical spaces, supporting parents and children while they experience activities and exhibits, and ensuring the safety of our youngest visitors and their families.

EXPERIENCES THIS POSITION WILL PROVIDE:

- Facilitate hands-on early science learning activities and interactions with museum guests of all ages
- Work in a collaborative environment with paid and unpaid staff of a variety of ages, experiences, and backgrounds.
- Assist in the development, presentation and resetting of daily activities in Science Playground.
- Interact with a wide age range of visitors to help them explore and learn from exhibits and lab activities.
- Learn and practice informal education approaches.
- Share accurate science and museum information with guests.
- Work alongside Science Playground volunteers.
- Maintain ongoing safety and cleanliness procedures.
- May assist educator with teaching classes to Pre-K and Kindergarten groups in the Discovery Lab, depending on schedule.
- Experienced work-study students may have the opportunity to assist with curriculum design.

KNOWLEDGE/SKILLS/ABILITIES:

What we are looking for:

- Strong communication, customer service, and problem-solving skills.
- Interest and/or experience in early childhood education and child development.

For more information, contact Volunteer Engagement at 503-797-4615 or Volunteer@omsi.edu. Visit our website at www.omsi.edu. OMSI is located at 1945 SE Water Ave, Portland, OR 97214

- Must be able to bend and stoop as needed to maintain integrity, appearance, and safety of the area.
- Ability to take initiative.
- Eager to present science process and content in an engaging way to young children.
- Interest in early childhood education and child development; ability to learn and communicate these topics to adult audiences.
- Must be dependable, punctual, and willing to commit to a regular schedule.
- Must present a professional personal appearance.
- Working toward a degree in early childhood education, child development, psychology, education, or science with college coursework in early childhood education.
- Experience working with the public and/or young children highly desirable.
- Experience working with the public in formal or informal educational settings highly desired

Training you will receive:

- General informal science education philosophies and pedagogy
- Facilitation best practices, including how to facilitate intergenerational communication, frame questions, gauge and respond to guests' social and educational goals, and cultivate learner-driven investigations
- Culturally responsive facilitation strategies
- Museum safety and emergency response
- Customer service
- Best practices in early childhood education in an informal setting.

SCHEDULE:

- Schedule depends on needs of the lab or hall, but will be regular and predictable week to week.
- Ideal candidates can commit to at least one and up to three 4-hour shifts per week for at least one semester (between 4 – 12 hours a week).
- Our preference is for both weekend and weekday availability.
- General windows of time when the selected candidate can work align with museum open hours: Tuesday–Sunday, 9am-5:30pm.

LEARNING OUTCOMES:

- Gaining knowledge of museum processes and procedures
- Ability to teach and to model adult-child interactions for positive early learning experiences.
- Exposure to foundational and cutting-edge developmental research to inform educational knowledge and practice.
- Working knowledge of best practices in early childhood education in an informal setting.
- Increased comfort and ability in assessing young visitors' developmental level and adapting interactions to meet them.
- Opportunity to practice cross-cultural communication with both OMSI guests and staff.
- Gain knowledge of museum culture and practices.
