**Bakery: Sugar Street Bakery & Bistro**  
**Sculpture Title: Ev-illusion**

Ev-illusion appears to be a simple vitrine of birds, but a more formidable ancestor is hiding in plain sight. Viewers can experience this anamorphic piece through a variety of angles, but there is only one sweet spot.

**Architecture Firm: ZGF Architects**  
**Bakery: Papa Haydn**  
**Sculpture Title: Once Upon an Elf**

“Once Upon an Elf” explores imagination and illusion, bringing a storybook to life. Showcasing a story that extends past the bounds of the page to become reality, their design animates the movie “Elf”, from Buddy’s mystical life at the North Pole to his reality in New York City. Where the candy cane forest transforms into Central Park, a sea of swirly-twirly gum drops spill off the page, and the New York skyline folds off the book and becomes the city itself.

Founded in Portland, Oregon, ZGF Architects LLP ([www.zgf.com](http://www.zgf.com)) is an award-winning design firm with a focus on architecture, interior design and urban design.

Papa Haydn ([www.papahaydn.com](http://www.papahaydn.com)) has been a beloved Portland staple since 1978, where its decadent desserts and European influenced cuisine has set the standard for decades. Whether you dine-in, or take their creations home, they cherish being a part of memories that last a lifetime.
