

Position Title: Physics Phenomena Facilitator
Reports To: Turbine Hall Educators

Department: Museum Ed.
Location: OMSI - Water Ave

Position Summary: Volunteers in the OMSI Physics Lab support museum guests' exploration of a variety of physics phenomena, from light and sound waves to magnets and hair-raising experiences with electricity! Volunteers should have enthusiasm for experimentation and passion for presenting hands-on learning activities in a safe manner to further engage museum guests in the amazing interactions that happen in the world.

Essential Duties and Responsibilities:

- Ask open-ended questions, co-investigate, and use other facilitation techniques to help promote inquiry and encourage museum guests to engage with physics phenomena
- Present various interactive physics demonstrations to an audience of diverse backgrounds and ages (demonstration examples include the dancing water bowl, vacuum chamber, Van de Graaf generator, and more; training provided)
- Assist in maintaining lab exhibits and activities, including refilling activity supplies and tidying exhibits
- Maintain a safe, secure, and inviting environment for museum guests and staff Assist staff with other duties as needed

Knowledge and Skills:

- Excited about physics and committed to sharing accurate scientific information Eager to facilitate guest-centered experiences
- Able and interested in listening and communicating with people of diverse backgrounds and age levels
- Able to maintain a calm, pleasant, and cheerful demeanor in a variety of atmospheres
- Self-directed and willing to take initiative
- Dependable, punctual, communicative, and able to commit to a regular schedule Willing to follow OMSI rules and procedures
