

OMSI 2023 GALA

Sponsorship Book

Presented by

ABOUT OMSI GALA 2023: KALEIDOSCOPE

Join us for an intimate and exclusive event at the museum. This elegant black tie affair features an effervescent cocktail hour, delectable seated dinner with special pours of notable local wines, action-packed live auction, and breathtaking entertainment.

OMSI's largest fundraiser, the Gala supports high-energy, high-impact science that connects, captivates, and inspires OMSI kids across the region. Engaging science, technology, arts and math experiences help them realize their vision of being engineers, educators, physicians, NASA scientists, artists and involved community leaders. Your investment ensures that our mission is practiced every day, for everyone. OMSI is a privately funded organization and receives no regular support from city or state to support our operations.

Location and Date

Oregon Museum of Science and Industry
1945 SE Water Avenue, Portland, OR 97214
Saturday, May 6, 2023, 5:30PM

Event Details

Why Sponsor OMSI 2023 Gala: Kaleidoscope

We come together to ensure OMSI continues to deliver meaningful science learning opportunities and inspire learners across the Pacific Northwest. Now more than ever OMSI has a unique and important role to fill in building science education resources for our community and modeling inclusive, engaging and accessible science learning.

This year your investment in the engaging science education OMSI provides is especially critical. Because the pandemic has further exposed and amplified inequities and the growing opportunity gaps in our state, we must address barriers and expand access to high-quality STEAM education experiences to build a more accessible and inclusive OMSI for all.

Your generous investment helps ensure OMSI programming is free or at reduced rates for families in need. Expanding access and opportunity will support a more resilient and equitable education system to change long-term outcomes for all Oregonians.

As we emerge from this crisis, OMSI continues to demonstrate leadership in developing critical and collaborative science learning across the region. We have created new web-based activities, live-streamed OMSI science assembly programs, educational videos, and social media content to run alongside our in-person programming to help keep students socially connected and engaged with science education. We continue to add virtual programming to support established partners and to reach rural schools across Oregon and beyond.

As an independent non-profit, OMSI does not receive regular or ongoing public funding for our operations. We instead rely on support from individuals, corporations, and foundations to create rich learning experiences for children and families. Participating as a sponsor for this event is a great way to support OMSI's pioneering work while being recognized for your investment in the community and encouraging others to support through your example of leadership.

For companies, sponsorship of the OMSI Gala provides a targeted opportunity to focus their public relations and marketing initiatives through 3,000,000 impressions. Weeks prior to the Gala, you will begin receiving repeated exposure through media coverage, our website, the Gala program, and social media, to ensure maximum visibility well beyond the day's event.

Why Sponsor OMSI 2023 Gala: Kaleidoscope

OMSI's Community Impact

As a science education resource and long-standing cornerstone institution in our community, OMSI acts as a trailhead, connecting audiences to learning and skill-building opportunities, careers, ideas, and local, 21st century jobs.

OMSI connects the public with meaningful innovations in design, science, and technology. We blend hands-on science learning with opportunities to build 21st century skills, including critical thinking and problem solving, communication, collaboration, creativity, and innovation.

OMSI reaches and impacts a wide and diverse audience across Oregon and SW Washington with specific expertise in developing, delivering, and evaluating a range of educational experiences. OMSI helps prepare and inspire the next generation of innovators and problem solvers through hands-on, inquiry-based learning experiences.

As a sponsor of OMSI and our work, you are helping change the world one mind at a time. Your partnership provides children and adults access to important informal science education opportunities, inspiring them to be engaged citizens and preparing them for future success.

OMSI's Brand Awareness and Reach

OMSI is a highly-respected organization and valuable educational partner throughout the region. In a 2017 study by DHM Research, OMSI received the highest brand favorability ratings of any organization in our region (including Oregon Public Broadcasting (OPB), Fred Meyer, Oregon Health & Science University (OHSU), Providence Health, and Walmart) with 92% of the public rating OMSI as "very favorable" or "somewhat favorable." In a survey of incoming freshmen majoring in engineering, computer science, and materials science in the Oregon University system, students cited OMSI as one of the top "brand names" that influenced their choice of major.
