Tyrannosaurs - Meet the Family

In this exhibition, you'll explore real tyrannosaur fossils and learn what makes this ultimate predator different from other dinosaur species. Come meet the terrifyingly magnificent "Scotty" – a cast of one of the world's most complete T. rex skeletons. Compare Scotty's size to that of its cousins – Daspletosaurus, Albertosaurus and Lythronax – as you imagine the world with these ferocious carnivores ruling the land.

The exhibition explores the 'most feared and revered' of all dinosaurs in new and different ways. The exhibition's real and replica specimens are not only spectacular in scale and form, but also reveal some of the most significant discoveries in paleontology of the past decade.

- Real tyrannosaur specimens
- 5 complete tyrannosaur cast skeletons
- 7 tyrannosaur cast skulls
