Module 1: What is Engineering?

Personal Reflection

1. Describe what comes to mind when you think of engineering. Feel free to use a drawing, a poem, a personal experience, make a list, etc.

2. What are your first memories relating to engineering or when did you first learn about engineering?

3. Look up "engineering." What are some ways mainstream media describes engineering? What are some contexts in which it is described?

Video Reflection

Listen to OMSI staff and visitors share how they think about engineering. What do you notice?
