

Media Kit

Enter into an immersive
LEGO® experience with
Jurassic World by Brickman®,
open at the Oregon
Museum of Science and
Industry from March 15
to Sept 1, 2025.

With over 50 large-scale dinosaurs, props, scenes, and activities made from over 6 million LEGO® bricks, the immersive must-do adventure provides inquisitive explorers an interactive and thrilling journey through stories and characters from the *Jurassic World* franchise.

In the *Jurassic World by Brickman*® experience, LEGO® fans will have an opportunity to channel their inner “Brickman” with a myriad of activities, including:

- Island building
- LEGO® paleontology and discovery through mystery mosaics
- Creating new dinosaurs
- Learning to track a dinosaur by creating species footprints
- And even building escape vehicles to get away from a Tyrannosaurus Rex!

With 2.5 million bricks to play with, creativity will not be in short supply!

“Fans will be blown away by the scale of the experience – some of these dinosaur models are the most complex and challenging ones we have made to date.... We have created and used new techniques and committed thousands of hours to build these models that I am personally incredibly proud of.”
—Ryan “Brickman” McNaught

“From hands-on building adventures to seeing their own favorite *Jurassic World* dinosaurs built at an enormous scale, this exhibition is sure to inspire future designers and engineers. Visitors and families are going to be awed by this experience.”

**—Russ Repp,
VP of Marketing
and Retail at OMSI**

About OMSI

Founded in 1944, the Oregon Museum of Science and Industry is one of the nation's leading science museums and a trusted educational resource for communities throughout the region. Through museum exhibitions, public programs, outdoor programs, traveling exhibitions, digital learning, and learning research and design, OMSI nourishes a lifelong love of science, curiosity and learning among its diverse audiences. The upcoming OMSI District – a collaboration of local, Tribal and regional government entities, nonprofits and businesses – will be a one-of-a-kind neighborhood with innovation, culture and science learning at its heart. OMSI is located at 1945 S.E. Water Avenue, Portland, OR, 97214. For general information, call 503.797.4000 or visit omsi.edu.

About Jurassic World

From Universal Pictures and Amblin Entertainment, Jurassic World immerses audiences of all ages in a new era of wonder and thrills where dinosaurs and humankind must learn to coexist. Jurassic World is more than a film franchise. At every turn, this \$6 billion film series delivers a larger-than-life destination for exploration, discovery, and epic adventure. Dinosaurs live again and they live in Jurassic World.

About Brickman

The Brickman is a highly skilled team of LEGO® brick model builders and craftspeople, led by one of the world's leading LEGO brick artists and only LEGO Certified Professional (LCP) in the southern hemisphere, Ryan "Brickman" McNaught. Ryan and The Brickman team have built some of the largest and most detailed LEGO brick models in the world. With a growing portfolio of work, producing eight globally touring exhibitions and hundreds of models for museums, galleries, and shopping locations worldwide, there really isn't anything The Brickman team can't make out of LEGO bricks.
