

# Event Add-Ons

## Physics Lab

### **Available with Turbine Hall rental**

Discover the hair-raising effects of static electricity with the Van de Graff Generator and view some of the first phonographs ever made at the Physics Lab! The entire lab is filled with fun activities for all ages, including a bellows organ, plasma tube, harmonograph, a collection of early Edison lightbulbs and more!

*Physics Lab with Educator | \$600*

## Chemistry Lab

### **Available with Turbine Hall rental**

Discover the stuff that makes up the universe! Measure, mix, and experiment with concoctions that glow, fizz, change color, and more – with goggles of course! Guests will be guided by OMSI educators through hands-on experiments.

*Chemistry Lab with Educator | \$600*

## Life Lab

### **Available with Natural Science Hall rental**

Take a closer look and discover the ecosystems, adaptations, and more that fill our natural world full of surprises. Guests can interact with animals and insects under the supervision of an OMSI educator.

*Life Lab with Educator | \$600*

## Paleontology Lab

### **Available with Natural Science Hall rental**

Step into a working fossil preparation lab! Guests can handle fossil shells and bones with an OMSI educator to interact with guests and conduct demos.

*Paleontology Lab with Educator | \$600*

# Event Add-Ons

## USS Blueback Tours

Tour the Navy's last active duty diesel-electric submarine! Guests will have open boat access, meaning they can enter and explore at their own pace. Submarine staff will be stationed throughout to answer questions, or give tours to interested guests.

*Submarine Tours | \$750 per hour*

*Capacity | 125 people per hour*

## Planetarium Shows

The planetarium offers a wide range of shows that you may choose for your guests, from laser light shows to Starry Nights Live! Each show is approximately 25-45 minutes in length and includes a space science educator who will interact with guests and run each show.

*Planetarium Show | \$750 per show*

*Capacity | Half Dome 120; Full Dome 185*

## Featured Exhibit

### Titanic: The Artifact Exhibit

**Available March 21, 2026 - October 18, 2026**

At Titanic: The Artifact Exhibition, visitors step into history and experience a world unlike any other through authentic Titanic artifacts recovered directly from the ocean floor. The Exhibition features more than 350 carefully conserved, genuine items from the wrecksite, providing a rare and powerful connection to the Ship and her passengers. Guests can walk through stunning full-scale re-creations of iconic rooms and connect with the personal stories of those on board. This unforgettable experience blends education, emotion, and awe for visitors of all ages.

*Titanic: The Artifact Exhibit | \$5,500*

*Capacity | 500*

# Event Add-Ons

## Sound System

The Upgraded Sound System includes 1 hour of Set Up Tech, JBL Sound System on stands, JBL 4-channel mixer, AV cable lot, and a podium available upon request.

*Sound System | \$250*

## Uplights

Uplights are a great way to create ambiance for your event! OMSI has 14 uplights that can be programmed to almost any color imaginable.

*Uplights | \$250*

## Photobooth

GUAC iPad self-service photo booth with ring light, ready-made photo templates, and black or custom OMSI backdrop. The photo booth includes unlimited virtual captures that guests can text or email to themselves or share to the live group gallery. Option to add printer for physical 2"x6" prints as well. OMSI will create a custom border and interface for your event.

*Photobooth with Digital Copies | \$850*

*Photobooth with Printer | \$1,000*

## Bulk Parking

OMSI offers pre-paid bulk parking if you'd like to provide parking for guests. We will provide you a unique code for guests to enter into their Parking Kitty app, webpage, or kiosks to validate.

*All Day Parking | \$8 + fees per vehicle*

*Evening Parking | \$2 + fees per vehicle*
