Event Add-Ons

Physics Lab

Available with Turbine Hall rental

Discover the hair-raising effects of static electricity with the Van de Graff Generator and view some of the first phonographs ever made at the Physics Lab! The entire lab is filled with fun activities for all ages, including a bellows organ, plasma tube, harmonograph, a collection of early Edison lightbulbs and more!

Physics Lab with Educator |$600

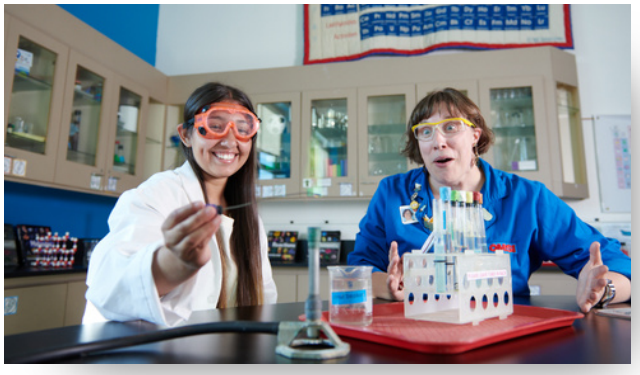

Chemistry Lab

Available with Turbine Hall rental

Discover the stuff that makes up the universe! Measure, mix, and experiment with concoctions that glow, fizz, change color, and more – with goggles of course! Guests will be guided by OMSI educators through hands-on experiments.

Chemistry Lab with Educator |$600

Life Lab

Available with Natural Science Hall rental

Take a closer look and discover the ecosystems, adaptations, and more that fill our natural world full of surprises. Guests can interact with animals and insects under the supervision of an OMSI educator.

Life Lab with Educator |$600

Paleontology Lab

Available with Natural Science Hall rental

Step into a working fossil preparation lab! Guests can handle fossil shells and bones and with an OMSI educator to interact with guests and conduct demos.

Life Lab with Educator | $600

Event Add-Ons

Natural Science Hall

The reimagined Nancy Stueber Natural Sciences Hall features a permanent interactive exhibition, Climate of Change/Clima de Cambio. The exhibit will explore the relationship between humans and the environment, highlighting stories of Oregon communities most impacted by climate change and showcasing their resilience and innovation. The redesigned hall aims to deepen public understanding of climate science and inspire visitors to take informed, community-driven action.

Natural Sciences Hall | $3,500
Capacity | 150

Featured Exhibit

Universal Theme Parks: The Exhibition

Available November 21, 2026 – April 18, 2026

Discover the science behind the thrills in Universal Theme Parks: The Exhibition. Visitors of all ages will explore how thrills come to life in Universal's iconic attractions and innovative world of theme parks. Explore eight galleries, 20 interactive experiences, and more than 100 original artifacts, including authentic costumes, cinematic props, and early concept models. From animatronics, robotics, and ride design to costuming and special effects, get ready to explore the artistry, creativity, and technology behind the magic of Universal's greatest attractions.

Universal Theme Parks: The Exhibition | $5,500
Capacity | 500
